

USB 3.1 Gen 1 Type C to Micro B Cable

- Latest USB Type-C reversible connector
- Rated at USB 3.1 Gen 1 up to 5Gbps Transfer Rate
- Compatible with USB 3.1, USB 3.0, USB 2.0, and USB 1.1
- One meter in length for easy placement of your peripherals
- Twisted pair - Braided, shielded for reducing interference and crosstalk
- Multiple use for any applications conforming to the USB specs
- Easy grip and durable contact to last multiple insertion

• Introduction:

Vantec introduces the USB 3.1 Gen 1 5Gbps Type C to Micro B cable, this SuperSpeed cable is design to work with the latest USB Type-C reversible connector; it is tested and rated at USB speed of 5Gbps making it an ideal cable for any devices like camera, printers, drive enclosures, and other applications. This cable design incorporate shielded twisted pair with braiding and foil to reduce EMI/RFI interference and crosstalk thus providing error free SuperSpeed data transfer. The connectors are molded for easy grip and durable contact to last a long time. This one meter long cable is rated for multiple USB speed and power requirement (USB3 - 5Gbps @ 900mA, USB2 - 480Mbps @ 500mA and USB1.1 - 1.5Mbps @ 500mA). Using this cable with its tested capability will ensure good connection and lasting use for your devices.

• Specifications:

Model:	CBL-3CMB40
Device Support:	Device that requires a Micro B(m) to Type-C(m) USB 3.1 interface cable
Connectors:	USB 3.1 Micro B (Male) and USB 3.1 Type-C (Male)
Standard:	USB 3.1, USB 3.0, USB 2.0, USB 1.1
Material:	Plastic/Metal
Length:	3.3 feet (1 meter)
Weight:	2.5 oz. (71 grams)

• System Requirements:

USB 3.1, UBS 3.0, USB 2.0 or USB 1.1 devices

• Package Contents:

USB 3.1 Gen 1 Type C to Micro B cable
