

USB 3.0 Aluminum Hub

Hub/ Smart Charging

UGT-AH100U3

UGT-AH900U3-1C

UGT-AH700U3-2C

UGT-AH700U3

UGT-AH400U3-3C

• Features:

Made with industrial grade aluminum alloy casing

Support UASP protocol to enhance performance

Certified premium power adapter to provide over voltage and current protection for stable power

Maximum power to support all USB 3.0 and charging ports simultaneously

*Support Battery Charging 1.2 specifications with USB DCP fast charging capability

*Standalone charging design to use without powering on your system

*Charging Hub Only

• Introduction:

The Vantec USB 3.0 Aluminum Smart Charging Hub opens up the opportunity to connect multiple USB devices and charge your tablet or smart phone using the dedicated fast charging ports simultaneously. This will save you time and consolidate your devices at one convenient place. This Hub is made with industrial grade aluminum casing and gives you the maximum Current per USB 3.0 or DCP port for any power hungry devices. A Certified Power Adapter is included to ensure stable power for both data and the dedicated charging ports. With USAP support and Plug and Play design, this Hub will simplify and speed up any file transfer.
