

# NexStar® 6

2.5" SATA III 6Gbps to USB 3.0 & eSATA HDD/SSD ENCLOSURE

**eSATA  
6GB/S**

- SATA III specification max 6Gbps (Backwards Compatible With SATA II/I)
- USB 3.0 and eSATA interface for fast data transfer
- Adopt UASP to Enhance Maximum Performance of Hard Drive for Windows 8.1/10
- Aluminum Casing Cools Down Your Hard Drive
- Maximum Transfer Rates for USB 3.0 and eSATA
- Easily Add Storage to Any System with USB 3.0, 2.0, or 1.1
- Hi-Quality Shielded USB 3.0 Cable Ensures Data Integrity and Speed
- Hot-Swappable: Plug & Play Without Rebooting
- No Drivers Needed (NDN) for Windows OS and OSX
- Attractive LED Indicates Power & HDD Activity

## • Introduction:

Introducing the NexStar 6G Series with USB 3.0 and eSATA for 2.5" SSD/HDD – a sleek 2.5" SATA to USB 3.0 External SSD/HDD Enclosure designed to be compact and very fast in performance. Couple with a fast SSD/HDD, this enclosure uses USB 3.0 UASP protocol for Windows 8.1/10 or 6Gbps eSATA to shuttle data around in high speed. This NexStar follow the tradition of using the latest Aluminum Casing designs to protect the Solid State Drive or Hard Drive and effectively draws the heat away from the drive. This NexStar 6G is also designed with smart and green features to extend the life of the drive by spinning down when the system goes to sleep thus saving energy when it is not in use. The light and small form factor goes very well everywhere you go. This NexStar 6G enclosure offers good design, speed and portability.

## • Specifications:

Model:	NST-266SU3-BK
Device Support:	SATA III/II/I Hard drive
Device Size:	2.5", Thickness: 9.5mm or less
Internal Interface:	Standard SATA
External Interface:	USB 3.0 and eSATA
HDD Capacity:	Up to 2TB*
Material:	Aluminum & Plastic
Power:	USB Bus powered
Dimension:	120 x 77 x 15.5 mm
USB cable Length:	457 mm (18 inches)
eSATA cable Length:	965 mm (38 inches)
USB power cable:	575 mm (22 inches)
